npm install @0xe.dev

```
// payment.ts
import { 0xeClient } from '@0xe.dev'

const client = new 0xeClient('sk_live_xxx')

// Create payment intent
const payment = await client.payments.create({
  amount: 1000,
  currency: 'usd',
  method: 'crypto',
})

console.log('Payment created:', payment.id)
console.log('Status:', payment.status)
console.log('Checkout URL:', payment.checkout_url)
```
